How Hanga Roa has grown! This photo, taken from a kite (the string can be seen dividing the picture), gives a birds-eye view of the *caleta*, Ahu Tautira, the gym and soccer field, and a portion of the ever-expanding village. Aerial photograph courtesy of Don and Elaine Dvorak. The Dvorak's "Easter Island Archaeology Teaching Series" deals with slides of Rapa Nui's archaeological sites from the air, but they also have 'fun stuff' such as this picture.
